

# L. L. Lengyel

## **REDUX**: Modernism revisited

Lengyel's 2011-13 paintings interpret her 1965 Modernist sketches and demonstrate the value of this ancient artist's practice popularized in the 20<sup>th</sup> century and Modernism's relevance. The artist examines European modernist theories and practices brought to the US after WWI. A copy of the source image accompanies each painting.

Laura La Forêt Lengyel is an American artist living in the San Francisco Bay Area since 1963. Her educational background includes visual art, art history, music, philosophy, modern dance, literature & mathematics, and a Mills College 1967 BA in Studio Art. She began painting in 1954 and says that her studio experience and fine art & design services enable her 21<sup>st</sup> century continuum. Born & raised in industrial Bridgeport, CT, Lengyel believes that her new work must pique the mind and spirit, offer potential for positive transformation and reflect society in context.
